

# TYPING AGENT

Learn to Type. Love the Fun.

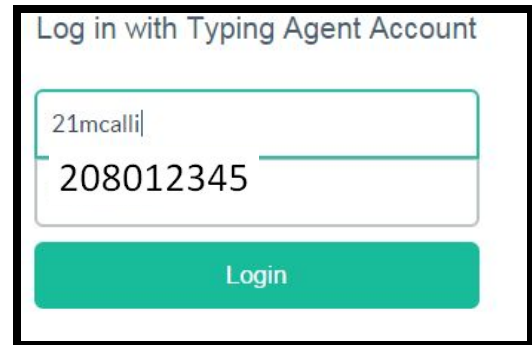

October, 2015

Dear Parents (Grades 1-3),

I am excited to share that district 41 now has a new keyboarding program for level 1 and level 2 students that will assist each student in mastering keyboarding and mouse/trackpad skills called Typing Agent. Within the next week, all 1st-3rd grade students will have been introduced to this keyboarding program during their Digital Media class. So if you would like to start exploring Typing Agent with your child, the portal to access this program is <https://glenellynd41.typingagent.com/>. The link can also be found on our [Library Media Center](#) webpage.

Students will then be prompted to enter their username and password. Students will use the same username and password as they do for Odyssey.

Students will be using Typing Agent at school during their Digital Media class, and will also have access to it within their Literacy and STEAM classrooms. It is highly encouraged to log on regularly at home. Students would benefit from at least 10-15 minutes of keyboarding practice, each day. Please encourage your student to use proper technique and keep their fingers placed in the proper position.

Typing Agent is a 100% web-based program that teaches these very important keyboarding skills. This means your child can log in from both school and home. Typing Agent has hundreds of lessons, tests, and reinforces learning to type with fun and exciting games and quests for students to enjoy.

Please contact me if you have any questions or concerns. Happy Keyboarding!
